## CP (UK Year 2) Application Details

### Class Details

**Bilingual: Native-level English and French** Students are enrolled in a French “Ecole Élémentaire” (‘Ecole du Secteur’) for the French portion of the programme, then released twice a week to attend British Section classes. Children who enrol in this class must be native English speakers and be ready to learn to read and write *simultaneously* in two languages.

**Estimated spaces available for 2025-26:** 5-7, mostly *externé*.

### Eligibility

- **Age:** Candidates must be born in **2019** to enrol in this class (6 years old).
- **Level of English:** Applicants must possess age-appropriate native-level English to be considered for this programme.

### Applications

Applications should be submitted online [via the British Section website](#) in December 2024 for the following school year. After January, please check our website for availability for this year group. The non-refundable application fee is €200.

### Testing

Candidates are assessed orally for their communication and language skills, and their potential for development, using a selection of resources chosen to stimulate discussion. We also consider depth and range of vocabulary and accuracy in the use of English, the extent and use of general knowledge in conversation, willingness and ability to sustain a conversation, perceptiveness, engagement whilst on a task, and the ability to deal with simple and multi-step instructions.

Testing will take place in March and will be conducted in person whenever possible. Interviews are held individually and last for approximately 20 minutes. Online testing is available for families who live **outside** Europe.

### French Immersion/*Français Spécial*

There is no [French-immersion](#) class available at this level. When possible non-Francophone applicants are prioritized for full-time places in bilingual classes on the main campus.
